- 2
- MIC

**INPUT
LEVELS!**

Mock interview

Take turns in posing one question to your interviewee and monitoring it over your headphones.

- Suggested mock interview questions:
 - Whose presentation did you find better, and why Tracey's?
 - What is the best place in town, and why the Library?

Playback

- Built in speaker, but...
- Headphones
- Navigate & play
- When you return kits, we will back up the files...

What's next?

Step 1

- Plan out your content & borrow the kit

Step 2

- Record your raw material in good audio quality

Step 3

- Get the recording to the WBPL and get ready for audio editing workshop
